

WILDCARE: FRIENDS OF LUMEAH POINT

Feral Oyster Removal 24 May 2015

By 6.30 a.m. seven volunteers were at the Lumeah Point foreshore on Sunday 24th May for the final oyster removal morning for the season, coordinated by the Pipeclay Lagoon Oyster Growers (PLOGA). The morning was crisp and cool but with no breeze, so when the sun finally caught up with us it was quite pleasant.

Red sky in the morning?

.....Stunning day.

Just as well we're all young and supple.

Two more volunteers joined us after the Sun was up and sixty-six bags of oysters later we had achieved our target, with the shoreline cleared up to the big tree. Well done everyone who participated this day and all the other times over this Spring-Autumn period. And a special thanks to Mick and PLOGA for their support and participation, as well as for the egg and bacon rolls from Windy's.

Another good haul

Cleared

Waiting for next season
